

To Whom It May Concern

July 2nd 2015

Dear Sir/Madam,

As a leading supplier of outdoor landscaping and architectural products to both private and government sectors, Amtrac International Furnishings Ltd has been Phi Group NZ Ltd's exclusive Hong Kong distributor of Permawood and Permacrib since 2002. We have worked closely with Phi Group Managing Director Pete Syred on many outstanding projects including Wetland Park, Ap Lei Chau Waterfront, The Repulse Bay and Yau Tong.

Key to the success of all the products we represent is the level of support provided by each manufacturer. Phi Group has consistently partnered us across a full range of sales, marketing, pricing, design, technical enquiries, construction, quality assurance, shipping and supply. Pete frequently visits Hong Kong to assist our staff and make presentations to our key customers. Over the years he has not only been a dedicated business partner but has also become a trusted family friend.

Yours faithfully,
For and on behalf of
Amtrac Furnishings International Limited

Herman Au
Managing Director
